About the job

Job Description

Co-op, Associate Software Developer

Ricoh's Global Solutions Engineering (GSE) group has an opening for a Co-op Software Developer. GSE is part of the Software Development Center Americas (SDC-A), which works with Global teams developing software products used by our customers, ranging from small businesses to global enterprises. The solutions typically are based on scalable cloud or server architectures, and primarily implemented in Java, with other technologies used when appropriate.

Joining our team, you will gain exposure to a variety of development technologies and be able to work together with developers on the global teams. We have a quiet, productive work environment, with the opportunity to collaborate with other bright software developers, enabling you to grow your skills. We encourage our team members to go beyond their job descriptions and help each other to both exceed our project goals and to grow their technical expertise.

Responsibilities

- Work as independently and/or as a part of a development team, under the direction of a software development manager or a senior software developer
- Analyze requirements or specification documents
- Perform detail design and coding as required
- Complete unit and/or integration testing (as necessary) to ensure correct functionality
- Create technical documentation describing your design and implementation
- Investigate and respond to technical enquiries from external software developers

Education & Experience

- Currently in a university degree or college diploma, preferably in Computer Science or an equivalent field.

Skills

- Must currently be a student seeking co-op.
- Strong object-oriented programming skills.
- Some software development experience including, Java/C# development.
- Know some Core Java, Java OEM, Android and/or iOS technologies.
- Preferably have some knowledge in using Java development tools such as Eclipse, Ant, Maven, SVN and Apache Tomcat.

About Us

Come Create at Ricoh:

If you are seeking a team driven by passion and purpose, come create with us at Ricoh. We are a team of information seekers and customer-obsessed collaborators who aspire to deliver the services, solutions, and technologies that empower business success. We are looking for talented, inspired individuals to join us to help drive high-performance team and our commitment to excellence.

Ricoh is an integrated solutions provider and partner that connects people and technology, creates outstanding customer experiences, and delivers innovation for businesses worldwide. We empower digital workplaces by enabling individuals to work smarter from any location and harness the power of information—how it is collected, stored, managed, and shared—to unlock the potential in every organization. We deliver services and technologies that inspire our customers' success and guide them toward a better and more sustainable future. If you are seeking a purpose-driven and passionate team, come create with us, and help drive our high-performance culture of excellence into tomorrow.

Invest In Yourself

At Ricoh, you can:

- Select the medical, dental, life, and disability insurance coverage that fits your needs.
- Contribute to your financial security with Ricoh Canada's Retirement plan, with company matching contributions.
- Augment your education with team member tuition assistance programs.

- enjoy paid vacation time and paid holidays annually.
- Tap into many other benefits to enhance your health, wellness such and ongoing personal and professional development.
